Y6 GEORAPHY: How can we use maps to compare the topography of the UK and Italy?

Term:

Skills (including disciplinary knowledge):

Weekly Coverage (Lessons):

Geographical Skills:

- I can identify geographical similarities and differences between a region of the UK and a region in a European country. (Italy topography)
- I can name and locate counties and regions of the United Kingdom.
- I can name and locate the world's countries, using maps to focus on Europe, their environmental regions and key physical and human characteristics. (Italy)
- I can name and locate Europe on a world map and identify some its countries and major cities. (Italy)
- I can identify key topographical features of the areas I'm studying (hills, rivers, coasts) and can explain how the areas I've studied have changed over time.
- I can use geographical vocabulary to discuss the human and physical geography of an area I'm studying.

Map Skills:

- I can use an 8-pointed compass independently.
- I can use and follow 6-figure grid references.
- I can identify and use an increasing range of standardised symbols and a key on an OS map.
- I can identify and use symbols in atlases with increasing confidence.
- I can draw a map of increasing complexity that shows appropriate distance between places or features based on a given scale.
- I can use OS maps to build my knowledge of the UK and the wider world independently.

Fieldwork Skills:

- I can draw a detailed sketch of an area I'm observing focusing on key features in view.
- I can annotate my sketch to describe and explain geographical processes and patterns.
- I can select an appropriate method of data collection. *E.g. in person, questionnaires, data from maps or the internet.*
- I can use digital technologies to gather information over time.
- I can independently choose an appropriate method to present geographical data.
- I can present comparative data on a graph and explain my findings.
- I can select photographs as the most appropriate for the evidence I need.
- I can evaluate the quality of the evidence I have used.

1) How do maps tell us about the topography of a country or continent?

2) Where is Italy located and what is the terrain like?

3) What is the terrain of the United Kingdom like?

4) Are there any similarities or differences between the United Kingdom and Italy?

5) Assessment: How can we use maps to compare the topography between the UK and Italy?

Substantive Knowledge:

- I know what topography means
- I know what terrain means
- I can locate Italy on a map
- I can identify different terrains on a map of Italy and Britain
- I can use a compass to tell direction
- I know that contours on an OS map tell us the altitude of a place.
- I know that a 6-figure grid reference will pinpoint an exact place on an OS map.
- I know that a compass will tell me where north, south, east, west, north-east, south-east, south-west and north-west are.

Vocabulary:

topography
terrain
compass
altitude
grid-reference

OS map
digital map
